With or without you I will make through
Cause everybody tells me you are not the one
For me
And you act so selfish that you make me want to just
kick you out of this world

But it's all so confusing I still love you
Just because you say I love you too
I don't believe you

With you or without you
I think I will pck without you
Na na na na
La la la la la
With you or without you
With you or without you

Mabe I need you
But mabe I don't
Some times I need your help
But some times I just say get out

With you or without you
I think I will pck without you
Na na na na
La la la la la
With you or without you
With you or without you

La la la
Please keep me away from you

With you or without you
I think I will pck without you
Na na na na
La la la la la
With you or without you
With you or without you

With you or without you
I think I will pck without you
Na na na na

La la la la la
With you or without you
With you or without you

Yeah yeah yeah yeah yeah yeah
With you or without
Yeah yeah yeah
With you or without you
Yeah yeah yeah yeah yeah yeah
