Get up, get up and
Keep movin'
Don't stop 'till we...
Get up, get up until we lose it
Won't stop 'till we're hooked on the floor

I know it's hard to find the...
I know it's hard to find the...
I know it's hard to find the...
Wake up

Start the party
Call everybody
Rock the party
Let's get it started
Rock the party
Tell everybody
Start the party
We never go with
Oooo
Oooo
We're stil the best in town

Get up, get up and
Keep movin'
Don't stop if the sleep will get you
Get up, get up just keep it doin'
Won't stop 'till we got nothing left

I know it's hard to find the...
I know it's hard to find the...
I know it's hard to find the...
Wake up

Start the party
Call everybody
Rock the party
Let's get it started
Rock the party
Tell everybody
Start the party

We never go with
Ooo
Oooo
Oooo
We're stil the best in town

I'm ready, you're ready
Let's play this town tonight
I'm ready, you're ready
Let's play this town tonight
Oooo oooo
Let's go
Let's play this tonight
OOo
Let's go
Oooo
Let's play this town

Rock the party
Call everybody
Rock the party
Let's getting started
Rock the party
Call everybody
Rock the party
Let's getting started
Rock the party
Tell everybody
Start the party
We never go with
Oooo
Never go with
Oooo
Never go with
Oooo
We're still the best in town
