Every day
He'd come home from school
Never gave a second thought to looking hot or cool
Kids there would make jokes behind back
He didn't give a second thought to these petty attacks

Individuality is sold to you by popular demand
You're just a follower, you give in to their every
command
WE WON'T
STAND FOR
Your hate and discrimination
Open your eyes to the world around you

All the kids among him
No matter what they'd say
Everyone would judge him
In every single way
-why are you so different?
-do you think you're cool?
Yeah he was different,
But at least he's not a tool!

Individuality is sold to you by popular demand
You're just a follower, you give in to their every
command
WE WON'T
STAND FOR
Your hate and discrimination
Open your eyes to the world around you

And every day it was the same
He'd walk home the same way he came
He started thinking about his fight
And he, he knew he was right!

Individuality is sold to you by popular demand
You're just a follower, you give in to their every
command
WE WON'T
STAND FOR
Your hate and discrimination

Open your eyes to the world around you
