Life was empty without you
Life was empty for me
Then you came along and touched my soul so deeply
Now I'm alive and it feels so good

'Cos I'm Alive and I know
That my prayers have been
Answered and I know that you were watching over me
'Cos everywhere and everyway
'Cos I'm alive, alive
Thanks to you thanks to you thanks to you.....

Now we're together and I feel complete
Thanks to you I finally know what happiness is
Thanks to you my life
Has a meaning

'Cos I'm Alive and I know
That my prayers have been
Answered and I know that you were watching over me
'Cos everywhere and everyway
'Cos I'm alive, alive
Thanks to you thanks to you thanks to you.....

...and no longer I'll feel so lonely.
