And I'm panicing,
Because here's the scene; the one that's played 1000
times,
The one where you can't breathe,
And I feel helpless,
There's gotta be something I can do,
Because I couldn't last just a little while without you by
my side.

If I asked all the questions
Would you give me all the answers
And could we paint this black
And start it all over,
If I asked all the questions
Would you give me all the answers
And could we paint this black
And start it all over.

And sweet dreams valentine
I can't be up too late tonight.

If I asked all the questions
Would you give me all the answers
And could we paint this black
And start it all over,
If I asked all the questions
Would you give me all the answers
And could we paint this black
And start it all over.

(Interlude)

If I asked all the questions
Would you give me all the answers
And could we paint this black
And start it all over,
If I asked all the questions
Would you give me all the answers
And could we paint this black
And start it all over.
