I spoke to all my molecules
And they were divided
On if you were invited
"Love undecided"
I told them,
"Now's the time,
You've got to make your choice
No more can avoid
Lift up one solid voice"

They told me,
"We just can't say yet,
There's a lot of yesses
But also plenty no's
And we work by consensus!"

I said,
"Pull in the stragglers.
Try to wear down their defenses
'Cause it's getting humiliating
Out here on the fence"

I spoke to all my molecules
"Hey guys,
Did you see those EYES?!"

"I know I felt you all there with me
Swell in that one kiss
Think of all the waves of holding back
We're going to miss.
What's the problem
Why've we held back for so long?"
