Verse

When I look at your face
You seem so alone
And I don't really know
What to do

But try to put you in my place
How can I help you?

Chorus

Babe, could you find
Find your way to me

Verse 2

What happened to you
To get so mad
Everything was good
Before that night

I know that I've done something wrong
Can you explain to me?

What did I do to make you cry
Did I hurt you or did I lied
But If you wanna let me know
I'm not gonna stay (I'm going away)

Bridge

Look around you
I'm sorry for you
There's nothing I can do
