I told you no a thousand times
Don't try to make me change my mind
You see I'm happy where I am
And I don't need your cheating kind

I told my baby I'd be true
Twas on the day we said I do
To hurt her once would be a crime
I told you no a thousand times

I've been a fool before
Now I don't fool around no more
Cuz when it comes to love
I learned my lesson well

Don't get me wrong it's crossed my mind
I've just won't step across that line
She's someone I don't want to lose
True love is hard enough to find

Go give your heart to someone else
Then maybe you'll see for yourself
And understand the reason why
I told you no a thousand times

You see I've been a fool before
Now I don't fool around no more
Cuz when it comes to love
I learned my lesson well

Go give your heart to someone else
Then maybe you'll see for yourself
And understand the reason why
I told you no a thousand times

You'll understand the reason why
I told you no a thousand times
