Unlike, anything you've ever seen.
The walls have broken down and we've just started,
I'm already coming clean.
Don't you know?
You're my one and only, I don't know,
Well I don't know.

Drowning,
(drowning)
Drowning in your pillow,
This is our night this way
This is our
(night this way)
Doctor Doctor!
Can you fix yourself,
At least to smother me the same.

Unlike
Anything we say we mean,
The walls have broken down and we've just started,
I'm already coming clean,
You huffed and you puffed and you blew that fucker
down.
Even if you screamed,
It's still not enough to say you made a sound.

Drowning,
(drowning)
Drowning in your pillow,
This is our night this way
This is our
(night this way)
Doctor Doctor!
Can you fix yourself,
At least to smother me the same.

Oh Shit...
