You tug at my hand so easily
Then tug the heart right out of me
Then when I gave you my all
Then you touch your about watch me when I fall
This give give givin' don't fell like livin' at all

Well I gave you all the love I could
If I had more to give I likely would
But now I
I should be smilin' So why are these tears of mine fall
This give give givin' don't fell like livin' at all

You went out from givin givin takin time
Oh why it's takin'all yours and givin'all mine

Now I can't take it any more
Cuz I know what you take me for
The holes you take me in
Before you do it again
I'm gettin out while I can still fall
This give give givin' don't fell like livin' at all

Now I can't take it any more
Cuz I know what you take me for
The holes you take me in
Before you do it again
I'm gettin out while I can still fall
This give give givin' don't fell like livin' at all

(Sure don't)

This give give givin'all don't fell like livin' at all
This give give givin'all don't fell like livin' at all
