Hello Dear,
Yeah, how was last year,
And no I wasn't fine without you.
It seems my heart has runaway after you
Because he needs you,
Needs you too.
I've got some time
If you've got a place in mind,
Where we can stay and stretch our legs for a while.
If it takes my whole life,
I'd sit here just to watch you smile and I know:

(Screams):
You! You don't know!
Know how much!
Much you mean to me and,
!! I want to!
Let you know!
That I care! too!

Something should've happened so many times ago
To make me feel this way.
If meeting you could make these things so simple,
Then maybe you could feel this way,
At least for tonight.

At least for tonight.

Hello Dear,
Yeah how was last year,
And no I'm not me without you.
From the start you had my heart,
And now you're gone so I'm apart.
And I've got some time that we can take and rewind,
And stretch our legs for a while,
If it takes my whole life,
I've got time to waste for a while and I know:

(Screams):
You! You don't know!
Know how much!
Much you mean to me and,

!! I want to!
Let you know!
That I care! too!

Something should've happened so many times ago
To make me feel this way.
If meeting you could make these things so simple,
Then maybe you could feel this way,
At least for tonight.

At least for tonight.

(Solo)

Something should've happened so many times ago
To make me feel this way.
If meeting you could make these things so simple,
Then maybe you could feel this way,
At least for tonight.

At least for tonight.
