How long; how long would it take me?
(I'd say you made a week but that's an understatement).
11:11 wont save you from the mess that you're in.
11:11 wont save you from the mess that you're in
And these actions are as loud as the ones who scream them.
Scream them.

How long; how long would it take?
(I'd say you made a week but that's an understatement)
And this will only get better than you know.
11:11 wont save you from the mess that you're in,
And this will only get better than you know.
