What the young people want
They want to wear flared jeans
I wanna be like the Mods
A london hip-shaking teen
But were's your belief, boy?
Have you got what it takes
We got the real Mccoys
And the we've got the fake

And now the Big-Wigs giving you head
Buy our music, buy your mind dead

I've had enough, I call your bluff
My angry heart beats your flush
So back off big-wig scum, 'cause you ain't right

And we won't go down without a fight

What the young people want
And what the young people need
It ain't the same ball-game
A one-way street

I've had enough, I call your bluff
My angry heart have had enough
So back off big-wig scum, 'cause you ain't right
And we won't go
Without a fight

What the young people want
