I don't know what it is  
That makes the flowers grow  
And I don't know what it is  
That makes me love you so

But without sunshine and rain  
The flower soon will die  
And without your love  
So would I, so would I

I never even tried to understand  
Why it thrills me so  
When you only touch my hand

And I don't know what it is  
That lights the stars above  
And I don't know what it is  
That makes me need your love

But I know the stars will shine  
In the night as years go by  
And I know I'll love you  
Til I die, til I die

Oh, oh, oh...

But I know the stars will shine  
In the night as years go by  
And I know I'll love you  
Til I die, til I die

Oh, oh, oh...
