You have made the moment
Need to have the hours
And in just that moment
Changed the rain clouds
Into flowers

And I can see that you're afraid
You think it's some kind of
Mistake that you made
Well, let me set your heart at ease
Cause I'm down on my bended knees

Say it to you
No time like the right time
Baby, the right time is now
Said that there's
No time like the right time

Don't think that you can't love me
Cause, dear, I'm gonna show you how
You know I'm gonna show you how

Every little second
That you just let go
Multiple by a million
Just makes me want you
That much more

You got me sitting here
Counting time cause
Sooner or later, you'll find
Than a fifty dollar bill

If you need someone to love you
Well, you got someone who will

And there's no time
Like the right time
Baby, the right time is now
Said that there's no time
Like the right time

Don't think that you can't love me
You can bet I'm gonna show you how
You know I'm gonna show you how

No time like the right name
You got the right time
Talking bout the right time
I said the right time...
