>From the album: Perfect Timing
Such a strange obsession coming over me
Seems that I can't face that stark reality
Need to find the answer
Need to find a way
I don't know what I'm doing here from day to day
Pre-Chorus:
As far as I can see now
The reason's very clear
Is there nothing left for me.....Oh.....
Chorus:
Here today, gone tomorrow I hear you say
No more joy, only sorrow...no other way
Here today, gone tomorrow I hear you say
One last itme before you walk away
Bent on self destruction
I can feel the pain
This advice you've given me
Is all in vain
Repeat Pre-Chorus
Repeat Chorus
Did I hear you whisper.....?
Almost reached that point now
The point of ne return
Getting closer to that edge.....oooh, I'll never learn!
Repeat Pre-Chorus
Repeat Chorus
