All alone and back to the bottle  
Taking time to fill the crack in the middle of the heart  
Beauty is trapped under water  
Mysteriously wanting to dive under

Fools sinking down  
Down Down Down  
Making a cracking sound  
Prettiest hearts on the ground  
Fools sinking down  
Down Down Down  
Making a cracking sound  
Prettiest hearts on the ground

Black cat took that track then I stumbled stack  
Wishing wells have all my money now it's never coming  
back  
Sorrow is the need to dive under  
Mysteriously craving the other

Fools sinking down  
Down Down Down  
Making a cracking sound  
Prettiest hearts on the ground  
Fools sinking down  
Down Down Down  
Making a cracking sound  
Prettiest hearts on the ground
