\*VERSE 1\*

You can't find a place to let go  
Of the feelings that are toxic to your soul, oh no  
Well look, pick up the F-E-N-der  
And you will survive  
Equalize, turn it up  
And you will have the  
Time of your life  
Play the music, say

\*CHORUS\*

Dah, dah dah dah  
Dah, dah, dah dah, dah  
Dah dah dah, dah, da da  
You feel the music play

Dah, dah dah dah  
Dah, dah, dah dah, dah  
Dah dah dah, dah, da da  
We feel the beat and say

Dah, dah dah dah  
Dah, dah, dah dah, dah  
Dah dah dah, dah, da da  
We sing the chorus, say  
Hey, oh yeah, oh no  
Well Play the Music now

\*VERSE 2\*

You found that falsetto sounds like  
Oo, oo  
Feelin' those good vibrations in your head  
Oh yeah  
Well now you take  
A long hard look at yourself and see  
We sing the harmonies that make the ladies  
Sigh, and scream  
Play the music say

\*CHORUS\* x2

Dah, dah dah dah  
Dah, dah, dah dah, dah  
Dah dah dah, dah, da da  
You feel the music play

Dah, dah dah dah  
Dah, dah, dah dah, dah  
Dah dah dah, dah, da da  
We feel the beat and say

Dah, dah dah dah  
Dah, dah, dah dah, dah  
Dah dah dah, dah, da da  
We sing the chorus, say  
Hey, oh yeah, oh no  
Well Play the Music now

\*OUTRO\*

Play the music now  
Play the music now
