I'm broken down, stuck in a tattered hole  
That I had found to weather out the storm  
I'll make it out, I'll find another way  
And you will guide me out

Can you hear my voice?  
When we're far apart?  
I want to feel the warmth once again

Oh, we're taking on the night

CHORUS

'Cause I need you  
To pull me through  
You are my guiding light  
To taking on the night

CHORUS

So here we are, back where we started out  
We're on the right track, don't have no fears or doubts  
We'll find it out, we'll take these woes  
And make a shelter out of thorns

Can you build me up?  
When I break apart?  
I need to hear your voice  
Once again

Oh, we're taking on the night

CHORUS

'Cause I need you  
To pull me through  
You are my guiding light  
To taking on the night

CHORUS

Take on the night  
Take on the night

CHORUS

'Cause I need you  
To pull me through  
You are my guiding light  
To taking on the night  
CHORUS
