I think I'm goin' crazy
I feel my mind escape me
And now I've lost control

She's hinting that it's over
This ship is going under
I wanna get back to what we had

Because it feels so good when you call my name

CHORUS
Whoa
Tell me that you want me
Whoa
Tell me that you need me

Just tell me what you see
Quit playin' games with me

Whoa
Tell me or I'm leaving
CHORUS

There is a possibility
More than a probability
That you will drive me away

But, please just tell me your thoughts
'Cause we ain't no mindless robots
Let's take our chances now

Because it feels so good when you call my name

CHORUS
Whoa
Tell me that you want me
Whoa
Tell me that you need me

Whoa
Tell me that you want me

Whoa
Tell me that you need me

Just tell me what you see
Quit playin' games with me

Whoa
Tell me or I'm leaving
CHORUS
