Tried to telephone  
Knew you were at home  
But it kept on ringing  
On the wall

Should I send a letter  
Would I get an answer  
I just wanna see you  
Got to talk

Cause you know  
Everybody everybody everybody  
Needs someone to love  
Everybody everybody everybody  
Needs someone to love

I don't wanna lose you  
I just wanna hold you  
Take you in my arms now  
Forever more

I know that I hurt you  
But I never meant to  
That is why I standing  
At your door

Cause you know  
Everybody everybody everybody  
Needs someone to love  
Everybody everybody everybody  
Needs someone to love

I need you now my love  
To put things right  
Don't let me down my love  
Cause I can't forget  
How it was when we met eachother

I need you now my love  
To put things right  
Don't let me down my love  
Cause I can't forget

How it was when we met eachother

Cause you know  
Everybody everybody everybody  
Needs someone to love  
Everybody everybody everybody  
Needs someone to love
