Say it's nothing but girl I saw you
Turn away and dry your eyes
Sit down beside me, let me hold you
We've got nothing to hide

Chorus:

Anything that touches you, touches me
Anything that's a part of you, is a part of me too
Anything that makes you laugh makes you cry,
I wanna know down deep inside what you're going
through
Everything you feel I feel it too
Anything that touches you

Sad old movies, good time places
Perfect memories, favorite songs
Things I say and things I show
Days gone right or wrong

Chorus:

Anything that touches you, touches me
Anything that's a part of you, is a part of me too
Anything that makes you laugh makes you cry,
I wanna know down deep inside what you're going
through
Everything you feel I feel it too
Anything that touches you

Don't dream too big no tear too small
Baby I wanna share it all

Chorus:

Anything that touches you, touches me
Anything that's a part of you, is a part of me too
Anything that makes you laugh makes you cry,
I wanna know down deep inside what you're going
through
Everything you feel I feel it too
Anything that touches you

I just wanna pour my heart into

Anything that touches you
