What good is a voice if you can't speak for yourself?
Swallow your tongue and choke on the words
That say and if I said farewell

Wash away the memories
I'd sink this fucking ship
Suffocate me with the words that still rape me
When will all this end?

Make my life burning sick with sorrow
The greed it feeds it prays your life for what it's worth

Your body's so inviting
I'll bury it beneath the sea
Your body's so inviting
I'll bury it beneath the sea

Reap what you sow, it's inevitable
The place of the wretched, it lives
The end it breathes

Bury it beneath the sea

They live in sorrow because they're wrong
Stop breathing, you slut

I'll wait for this
I'll wait to the end of time
Their lies are shadowed
You're dreaming, you slut
Shut your eyes!

What good is a voice if you can't speak for yourself?
Swallow your tongue and choke on the words
That say and if I said farewell

Her bowels, they break, they all die
So graciously proceeding
The pigs so deceiving

That was a lie
Such a shamble

This was a lie
Just a waste of time
