All the beauty that I've ever seen: nothing compared to  
this

With all the vultures around it seemed such a waste

Remember the simple things

Because now I won't stop until everything you loved has  
gone

And we have taken for granted the things that matter  
the most

Through all that's been said: nothing has changed

This whore's gone wrong

And people crowd

I'll cut these ties

I wouldn't have worked at trying to be nice

If I knew how this would end

And you won't be here any longer

All I hear is "She don't eat meat"

All I hear is "She don't eat meat"

Don't wake me up from this dream I have

Stand alone, standing in the rain

And I've never had all of this

Dead girls don't say no

Don't wake me up from this dream I have

Where I always stand here

Waiting in the rain

I'm sick and tired of being right here

Alone in the rain

Wake me up for the sunset

I'm dying to feel that again

But I'll always stand here

Waiting here, to end
