So much for welfare
A constant barrier
All plans have gone wrong
It's gone to shit
This is so unjust
A plethora of past mistakes

You raped us for nothing
Of what's to come
Now I have an obsession with you

My conscience lies
We're breathing
You made your choice
Dreaming we're alive
Lucidity prays
Weak
On the souls
Dreaming they're alive

This is royal blood
Spilled through the streets
A predetermined nightmare
Waiting for defeat

Bare this cross and learn
That time stands still for thieves
Reflected what I used to be

Don't pass the mirror
I won't look through
I'm hatred
The shadow, the shell I've become
Force-fed and left to gag
I must put on for God one hell of a show
Cause I prayed
