Your fucking face  
Your fucking face  
Reminds me of the filth you still are

What's the point in life?  
Raining bullets from the sky  
Every word you say: a false excerpt  
No point to your reason  
No point to trust  
No you won't find peace

I won't  
I won't forget this  
Because this is the end

This isn't the world we see  
This isn't the world we see

Take out your life  
Your shelter  
Burn it like paper  
Burn!  
Burn it so they don't see you  
Burn it like paper  
Burn it so they don't see

Cause it's been said  
That there's no reasoning for this

Harvest their eyes this will be their  
Sacrifice to those who are damned

I'll burn your face clean off  
You're just a whore that's got no life  
There's nothing there alive  
A bitter memory of what I had with you  
You're just a whore
