Kingdoms hidden and lost by time itself  
Relentlessly yawning to portray comfort  
Endless harmony to which everything cascades

Now I see the horror  
Now I see!  
The stench they breathe  
No longer the pure  
Paralyzed to the suffering  
The fear in your eyes as you succumb

Hoards engulfing, watch it burn  
You deserve to...  
Deserve to suffer

We stand so high, drowned in blood  
The call for a new way of evolution  
The features indifferent

Betrayer of our mankind, what else is there?  
Imprisoned and you make us pay  
For reasons unobtainable  
Angels without wings destroy our homes  
And take away what we had to begin  
For reasons unobtainable

Who found the path?  
Show me this unspoken way  
We can't shout this out  
Incinerate all known recollection

So far from hope  
Lost in malignancy  
You say repent  
But repent from what?

You joke of a ritual  
Existences slaughtered by the tumor that is mankind

Mother nature, the pig that it's become  
Once fragile and beautiful like the autumn sun  
We are a new version of light

Just something a little darker
