We are friends  
We are neighbours  
Just passing by  
We are lovers  
We are strangers  
Hello, goodbye  
When I'm bad...  
And I'm nasty...  
You never cry  
When you're sad...  
And you need me...  
I never try  
You don't even listen...  
And we both know why  
What we had is missing...  
Something good has died  
Gabrielle  
Gabrielle  
Gabrielle... you never ball me, never ball me out  
Gabrielle... you never tell me that you love me now  
Gabrielle... you never call me on the telephone  
Gabrielle... you never ask me when I'm coming home
