This very special morning
I was lying in my bed
And all did this morning
Was thinking of the night we had
As I looked around me
I realized I was alone
Rememberin' your last words
You said "Tomorrow I'm gone".

CHORUS: Don't let my memories
Be real memories this time
I'm craving for one hit of you
In this special heart of mine
Don't let my memories
Be real memories again
'Cause now I realized
I need you more than just a friend

That's why I'm trying to go on
With the pain inside my heart
And I wish I'd know the things to do
So we don't fall apart
Please don't leave me here this way
'Cause I just need you day by day
I'm dreaming of you every night
Oh girl I wanna hold you tight.

CHORUS:....

BRIDGE: I can't live without your love
'Cause I need you by my side
I'm still waiting for
The day you'll be mine

CHORUS:....

This very special morning I was lying in my bed
And all I did this morning Was thinking of the night we
had
As I looked around me
I realized I was alone

Rememberin? your last words
You said "Tomorrow I?m gone".
