Oh no not another
Lying on his marble throne
Surrounded by his so called friends
Rag doll died alone
Terminal love
Terminal love
Oh terminal love
Terminal love
Just another mixed up junkie
Just another lonely heart
Dead and soon to be forgotten
Killed by greedy showbiz tarts
Knock knock knocking on heavens door
(Hank, James, Buddy, Eddie)
Knock knock knocking on heavens door
(Jim, Gene, Brian),
Knock knock knocking on heavens door
(Jimi, Marc, Elvis)
Knock knock knocking on heavens door
(Keith, Sid)
