You think I'm worried  
Heartbroke and sorry  
It couldn't happen to me  
How 'bout a smile honey  
How 'bout a kiss  
How 'bout a tumble with me  
Cos all the girls in the neighbourhood  
All wanna tumble with me  
Wake up little Susie  
Stop pickin' your nose  
Wake up little Susie  
Cut out your high-heeled pose  
Cos all the girls in the neighbourhood  
All wanna tumble with me  
Come on now tumble with me  
Tumble with me girl  
I'm gonna get you girl, just wait and see  
I'll win eventually  
How 'bout a smile honey  
How 'bout a kiss  
How 'bout a tumble with me
