CHORUS: Unbreak my heart
Don't leave me this way
Bring back your love
I'm waiting for you
Girl you are the one that I adore

Tell me why is so hard to say goodbye
Cause the time is passing by
So many things we left to say...yeah
You know I got your love so deep inside
See your lovely face each night
You are the sunshine of my life...yeah

BRIDGE: Everynight I think about you girl
I can never let you go

CHORUS:...

You know I..I have been waiting also long
You're the one I'm searching for
Thought I will never be alone...yeah
But now I..I'm sleepless every night
Cause there is no one by my side
I feel your love for me will die
