"Waiting For The Lady"

I've been waiting far too long
For another girl to come along
I've been wasting all my time
Looking for a girl that I'd call mine
All my days and nights I spend... held in ecstasy
Waiting for that special friend to give some sympathy
Just some love and sympathy
I've been going everywhere
Looking for a love that I can share
Stop the world I'm getting old
I'll maybe miss my chance and lose that girl
All my days and nights I spend held in ecstasy
Waiting for that special friend to give some sympathy
Just some love and sympathy
We'll I'm waiting for the lady
Waiting for the lady
Waiting for the lady
Yes I'm waiting for the lady
Waiting for the lady
Waiting for the lady
