"Walk My Dog"

Well I've been working all summer and I ain't got
nothing to show
I'm feeling kinda dirty, I need a shot of rock and roll
Monday, get to Friday, I feel like letting go
Well my temperature's rising and it feels like I'm ready
to blow
Julie says she's busy and she acts like 50 below
Always says she love me, but she keep on telling me no
Yeah, let me walk, let me walk, let me walk, let me walk
Let me walk, let me walk, let me walk, let me walk
Let me walk, let me walk, let me walk, let me walk
Let me walk, let me walk, let me walk my dog
