Kill to keep the peace  
Drink to kill the pain  
Fight to stay alive  
Live to fight again  
A circle of despair  
Is what I'm locked into  
God, I want to run away and  
Make my to you

I can't bear to  
Fight another day  
Time has come to  
Throw my gun away  
And run till I'm home with you

In my darkest dreams  
I have never known  
Cruelty I've seen  
Sorrow I've been shown  
Trenches fill with fire  
Friends are torn into  
God, I've got to run away and  
Make my way to you
