She helped me  
To see clearly  
How easy  
A fall can be

She's not thinking of me  
She's had me in a freeze so long  
I can't go home  
Growing colder  
In my nowhere zone

Seems funny  
Dreams money  
Fame fortune  
Pale quickly  
When you love someone  
Learn from them  
They lead you  
Where they leave you

She's not thinking of me  
She's had me in a freeze so long  
I can't go home  
Growing colder  
In my nowhere zone

She helped me  
To see clearly  
How easy  
A fall can be
