You see that grey-haired man  
By the window  
He ain't half as old  
As he looks  
Barely aware that his wife  
Has left him  
He won't see his  
Children grow up

Chorus:

Ridin' the Red-Eye  
You can't take this  
Ride all the way  
Ridin' the Red-Eye  
Whoa, it'll kill you  
One day

You see that girl  
So young and pretty  
She don't know she'll be  
Gettin' off soon  
She'll take anything  
To stay on the Red-Eye  
She don't see she's got  
It all to lose

I'm sick and tired of hearin' why  
I should get on board  
That old Red-Eye  
To find myself surrounded  
By dealers, drunks  
And wasted lives  
Overdoses, bitter tears  
I want a sharp mind  
And my vision clear  
Gonna look at life  
Right in the eye  
Gonna make damn sure  
It don't pass me by  
Only two ways  
To get off the Red-Eye

One's good  
And the other one ain't  
One leaves you  
Six feet under  
One gives you  
A chance again

Get off the Red-Eye  
You can't take this  
Ride all the way  
Ridin' the Red-Eye  
Whoa, it'll kill you  
One day
