You'll still be mine
All of the time
If you go away
You're mine anyway
No matter what, you'll find
You'll still be mine

From the moment we met
We both knew it was true
That you'd be mine
And I'd belong to you
And though he wants
To take you away
We both know
It won't work that way
Not for long
'Cause you know it's true
You're still mine
And I belong to you

Some things in the world
Were meant to be
That's how it is
With you and me
You say that you're leaving
As you walk on past
We both know
That it won't last
Not for long
'Cause you know it's true
You're still mine
And I belong to you

There's a distant light
From a distant shore
That makes me think
Of how we once were
But not the miles
No length of time
Can change my heart
Or change my mind

Sometimes in our lives
We have to rely
On feelings we have
No, they don't lie
And though you've left
And gone away
We both know
That you won't stay
Not for long
'Cause you know it's true
You're still mine
And I belong to you
