If I recall correctly  
It was the middle of spring  
Walkin with my boys  
Contiplating what summer will bring  
We started talkin about girls  
And it was the funniest thing  
As I started to remember some of the funniest things

See there was ashley,  
She caught my eye the second that she pasted me  
I kissed her once  
Then she started to harrase me  
She called all night long  
I had to buy a brand new phone

And let me see  
There was mellony  
To have a mouth like that should be a felony  
Wouldn't believe half the shit that she was tellin me  
I mean dirty vocab  
She used to talk like she was crunk

And after that was tiffany  
The one with the cute cousin  
Are you kiddin' me?  
She had a man  
But that didn't mean shit to me  
He tryed to catch us all the time  
But I was just to god dam smooth

And I can't forget to mention Carrie  
But that situation quickly got scary  
'cause after 2 days she was like lets get married  
Can you believe that shit?  
I had to pack my bags and move!

They say I gotta change my evil ways  
And I'm workin hard at it every day but  
No matter what i do  
I seem to make the same mistakes that I'm tryin not to  
If love is just a game that people play

And practice make perfect is what they say but  
No matter what I do  
I seem to make the same mistakes that I'm tryin not to

I'll always remember Monica  
The jewish chick  
She'd always give me gifts for Chanukkah  
To met her folks she'd try and make me rock a yhomica  
But she looked so dam good  
She almost made my ass convert

And after that there was Lisa  
She had a twin sister, Teresa  
I bumped into them at Cam's gettin pizza  
The greatest night of my life  
Schleps to rock that kill to birds

And there was Erica  
She had the stankest breath in North America,  
I tryed to slip her tic tacs  
But they were scared of her  
And when we made out  
I always had to plug my nose

And I suppose your know the sister  
Shoot, I swear by hand and God  
I only kissed her  
I gotta foot fetish  
But she gotta lota blisters  
I mean hammer time feet  
You think she had walked from Boca Raton

They say I gotta change my evil ways  
And I'm workin hard at it every day but  
No matter what I do
