well this life's stretched out before me  
the highway shimmering with stars  
the knowing glances of the runaways  
that never made it this far  
i cant believe she said that we can work it out  
i thought that we were near the end  
gone are the days  
all the trouble and the doubt  
this is far from over my friend  
my lover's name is music  
well she's held my heart so long  
tethered and pulling at the chains of disregard  
what if all of this is wrong  
i cant believe she said that we can work it out  
i thought that we were near the end  
gone are the days  
all the trouble and the doubt  
this is far from over my friend  
and we throw away our prayers up skyward  
hoping anyone will hear  
from storyville to broadway

this soul won't disappear  
well i heard that boy in memphis  
playing memories and dreams  
the ghosts of miracles played upon the stage  
and then vanishing like steam  
i cant believe she said that we can work it out  
i thought that we were near the end  
gone are the days  
all the trouble and the doubt  
this is far from over my friend
