## "Ours"

After tonight, who knows where we'll be tomorrow  
What if we're never here again?  
After tonight, this will be a lifetime ago  
So lets stay up until the sky bleeds red

And we'll stop, stop, stop the world from moving  
Stop, stop, stop the planets from turning  
Stop this life from fading away

This time is ours  
If I could hold this moment in my hands  
I would stop the world from moving  
I'd stop the planets from turning

This time is ours  
Inside a frozen memory of us  
And we are motionless, motionless

Your like a dream  
That I have just awoken from  
Fading away, just out of reach  
And we are here  
But I already miss you  
Even as your lying next to me

We're gonna stop, stop, stop the world from moving  
Stop, stop, stop the planets from turning  
Stop this neck from fading away

This time is ours  
If I could hold this moment in my hands  
I'd stop the world from moving  
I'd stop the planets from turning

This time is ours  
Inside a frozen memory of us  
And we are motionless, motionless  
And we are motionless, motionless  
And we are motionless, motionless

We're gonna stop, stop, stop the world from moving  
Stop, stop, stop the grass from turning  
Stop this neck from fading away, fading away

This time is ours  
If I could hold this moment in my hands  
I would stop the world from moving  
I'd stop the planets from turning

This time is ours  
Inside a frozen memory of us  
And we are motionless, motionless

This time is ours  
This time is ours  
This time is ours  
This time is ours  
This time is ours.
