### "This Is Not The End"

Tell me  
Come on tell me what you can  
Even as you wait for death you're wiser than I am  
Tell me what does it mean to exist  
I am not a scientist I must believe in more than this  
And I can not accept  
That everything is real  
Is only what our eyes can see  
And our hands can feel

*[chorus:]*

Not even earth can hold us  
Not even life controls us  
Not even the ground can keep us down  
The memories in my head  
Are just as real the time we spent  
You always be close to me  
My friend  
This is not the end

I see  
I can see you're so afraid  
You wear it like a silver hood on you even fear looks  
good  
I wish I wish I had some words to give  
But all I can think to say  
Is I'll be with you everyday

*[chorus]*

Not even earth can hold us  
Not even life controls us  
Not even the ground can keep us down  
The memories in my head  
I just realized the time we spent  
You'll always be close to me  
My friend  
This is not the end

La la la la la  
This is not the end

La la la lal la  
This is not the end

I don't care  
I don't care what you believe  
As long as you are in my heart  
You're just as real as me  
Maybe even more  
Someone has touched so many lives  
Can never never die

*[chorus]*
