Chorus:

I'm over you somehow, only love knows how  
I had the strength to move on again  
The more you work me down, cause love knows how  
It gave me the strength to move on  
It's been so many days wondering what's the chances  
I never thought I'd be alone  
When all I ever needed was answers  
For the love you give me me  
I was in need  
Where we are, where I'm at  
Boy I could not see  
Everynight that I cry  
I needed you here by my side  
Now I'm over you

Chorus

Had to use my mind, couldn't use my heart  
It didn't wanna see us apart  
This feeling is so clear to me  
That we were not meant to be  
I couldn't see  
The desire inside wouldn't let me be  
Every night that I cry  
I needed you here by my side  
But now I'm over you

Chorus

Life goes on to a new beginning  
Set me free from all these feelings  
Now I can see the hurts no guarantee  
That's why I'm holding on inside of me

Chorus

Only love knows how (6x)

Chorus (2x)
