We're so much alike
I could spend my life loving you
But you tell me it's wrong to feel so strong
When we've been friends for so long
And after all this time (after all this time)
You should be mine (you should be mine)
No question about it
But you're afraid to cross that line
Well listen baby
*All I wanna do is take you home tonight
And massage the places that will make you feel right
Whatever it takes
Chorus
What does it take to make you feel the way I do
I don't want no one else, I just want to be with you
What does it take to make you feel the way I do
I don't want no one else, I just want to be with you
I look in your eyes and fantasize how things could be
Touching me so nice and slow
Working me easy
So I'll sing you this song
Until you belong to me
You don't have to be afraid to come my way
Just try me
Repeat *
Repeat Chorus
Bridge
Every night will be special
Love unconditional
So take me home
I don't want to be alone tonight
(never be alone)
And once you get started
I got a little treat for you
'Cause I'll do anything to please you tonight
Whatever it takes
Chorus
What does it take (what does it take)
What does it take (what does it take)
What does it take (what does it take)
What does it take (what does it take)
