I've been here before, I've been waiting so long  
Almost halfway there, we got a long way to go  
I've been here before, I've been waiting so long  
Almost halfway there, and now we got so far to go

I'll admit one thing to you  
I was scared to meet with you  
For the first time, in a long time  
I know that I wish I could read your mind  
And throw it all aside  
Stop pretending 'cause it's time to let this go

Lost regrets, and promises  
Put it all aside tonight  
Watch it burn behind us

If you want I will take you the longest way home  
I'll be holding on, I'll be holding on  
'Cause everyday that we waste is another day gone  
I'll be holding on, I'll be holding on

Now it doesn't seem so bad  
Since we make fun of the past  
I start to wonder what I'm missing  
But awful thoughts begin attack my mind  
And I've got no where to hide  
Leaves me thinking that I just can't let this go

Don't hold back everything you have to say  
Admit one thing to me are you scared of what could  
be?  
For the last time in a long time  
I wish that I didn't have to read your mind  
Tell me everything inside  
'Cause I'm pretending that it's time to let this go

I'll be holding on, I'll be holding on  
I'll be holding on, I'll be holding on  
'Cause everyday that we waste is another day gone  
I'll be holding on
