Now we're at the party
Yeah, we've been drinking too,
Shouldn't be sharing myself with you

Won't work in the long run
I look into your eyes, and you know this is true,
Shouldn't be sharing myself with you

The night rolls on,
Things that were once one now are two,
Shouldn't be sharing myself with you

'Cause the morning comes
And there's a hole in my chest where there should be
love
I will my mind to try to erase it... no
But what's done is done
And I fell in a hole where my grave once was
I wait on time to let me escape it

I wish I didn't share myself with you
Yeah, I had a couple good lines
I know you got pretty eyes too
I wish I didn't share myself with you

But it's a month later

I see you at the store, and you notice me too
I wish I didn't share myself with you
Speaking of awkward silence
Trying to make those seconds more few
I wish I didnt share myself with you

Don't take no offence now,
But there are sharks in the pool that were made for you
I wish I didnt share myself with you

'Cause the morning comes
And theres a hole in my chest where there should be
love
I will my mind to try to erase it... no
But what's done is done

And I fell in a hole where my grave once was
I wait on time to let me escape it
I wait on time to let me escape it

'Cause the morning comes
And theres a hole in my chest where there should be
love
I will my mind to try to erase it... no
But what's done is done
And I fell in a hole where my grave once was
I wait on time to let me escape it
I wait on time to let me escape it
