Through the wood i feel your skin
Through the wood i hear your tears
Through the wood i hear your breath
Through the wood i feel your body shakin

Water and ground are filling your tomb
Here you have to make your last decision
Before its time for you to say goodbye
To say goodbye ...

You're just a downsized image of what you're
pretending to be
You're the god of your world
But a ghost in this one

You should remember this
Never turn your back on me
You have no way to get away
I am the one you'll never be

Water and ground are filling your tomb
Here you have to make your last decision
Before its time for you... to say goodbye
To say goodbye ...

You run to save your life
But your bones are cracking
Im just behind you
Hunting you til you lay down

You should just remember this
Never turn your back on me
You have no way to get away
This is your chance to be yourself
Tonight..

Tonight is the last time
You'll be able to see the sky
Tonight is your last night..

Through the wood i feel your skin
Through the wood i hear your tears

Through the wood i feel your breath on me
Through the wood i feel your..

Now run and save your life
From the pain i'll give you
The hate i'll fill you with
Run to leave your worst lies

I hope you will soon fucking ROT!
