You've been down for so long  
The world can really do that to a kid  
But you can't dwell on that shit  
Gotta make the world the best you can  
There's no reason for crying whoa oh keep on trying  
Drink everyday to make the pain feel like it wasn't really there  
Kill dreams in front of tvs  
That is just what they love to hear  
Maybe sometime... i will get off this fucking couch  
I wont let this world drag me down  
Kids like you and me will be FREE  
Maybe sometime i wont have to wake up  
And see another rainy day  
A boring afternoon there's no prize at the end of this rainbow  
No one to love  
No one to talk to  
So im gonna grab my umbrella and run outside  
No rains gonna drown my ambition  
Gonna make it this time
