(Spoken Intro)

When I first saw you
and you looked into my eyes
well, I knew, right then and
right there that I had fallen
head over heels. That's when
I knew I had to ask you out on
a....

what they call it Lee Majors?
Help me out. One time!
(End Intro)

First date; you're lookin' great tonight.
I think that I might take a chance tonight.
First date; you're lookin' great
toniiiiii iiiiiii iiiiiii iiight.

I hold the doors for you.
I pull out chairs for you.
nobody cares for you
like I do, like I do.

Clip my nails for you,
chop any tails for you.
Well, I don't know you,
but I feel like I do.

First date; you're lookin' great tonight.
I think that I might take a chance tonight.
First date; you're lookin' great
toniiiiii iiiiiii iiiiiii iiight.

I buy you popcorn.
I buy you coke.
You go outside and WATCH me smoke.
I make a joke and you laugh like it's funny.
Girlfriend, straight up money.

First date; you're lookin' great tonight.
I think that I might take a chance tonight.

First date; you're lookin' great
toniiii iiiiii iiiiii iiight.

Woah-oh.
Oh-woah, oh, oh, oh, oh, oh, oh.
Woah-oh.

(mc chris)
Think about direction,
wonder why you haven't lasted...(breaks laughing)
in the place where we live...(laughs)
