always lip smackin, that's how we actin'
always ass grabbin', she's so attractive
always never happens unless it's intermittent
when we are together i kinda go ballistic
always hand holdin', that's how we rollin'
always apart, so our heart parts are swollin'
always on my mind, it's like we share the same soul
and when we aren't together i kind 'a lose control
YEAH!

i like that she got strangeness. how can we arrange
this?
a moment of your time because my mind needs
maintenance.
little bit of patience. must be persistent.
think that i like her. now i want her this instant.
can it be love yo? always been against it.
all my quite was alrite then i set my sights on this kit.
missed it, hitch it. life, i went and fixed it.
kiss met, lips wet, think i am addicted.
like i had a life and somebody went and pimped it.
gave my digits and minutes and never insisted.
and then when i kissed it. it tasted like lightning.
chewing bubble-yum now we're cuddle bum's for lifey.
and timing might be now our separate places.
and always will be. my pelvis is anxious.
she is the bomb dig. she's so outrageous.
i love my girl 'cause my girl got gauges.

always lip smackin, that's how we actin'
always ass grabbin', she's so attractive
always never happens unless it's intermittent
when we are together i kinda go ballistic
always hand holdin', that's how we rollin'
always apart, so our heart parts are swollin'
always on my mind, it's like we share the same soul
and when we aren't together i kind 'a lose control
YEAH!

flew her to virginia. flew her to manhattan.
flew into my life. now i'm psyched to start rappin'.

somebody threw their cap in. i thought i was too lame.
but you she brings the heat like tiniest blue flame.
now i know a new name. i got a new blue.
like we in bowzer's castle. like sir raphle i don't lose.
now i got the answer like the endin' of blue's clues.
my plan is to romance her till her very last tooth loose.
i am just not use to the way that my heart beats.
now she in my life like a kid in a car seat.
i drive a little slower cause i know her in real life.
black curl jeans with the booty that's too tight.
now that i have hindsight i'm happy for heartbreak.
i don't mind that the main event starts late.
at least it started. i was ready for dark days.
don't mind that we're apart as long as we don't part
ways.

always lip smackin, that's how we actin'
always ass grabbin', she's so attractive
always never happens unless its intermittent
when we are together i kinda go ballistic
always hand holdin', that's how we rollin'
always apart, so our heart parts are swollin'
always on my mind, its like we share the same soul
and when we aren't together i kind 'a lose control
YEAH!
